 Because of numerous rates, we recommend email to confirm cost estimate before ordering.
 Recent International Shipments have been unreasonably and outrageously expensive. While we welcome International Orders, Freight and Shipping must be accommodated. Balances owing on insufficient shipping fees will be charged COD if possible or Orders will be held pending payment of balance. All additional Fees, Taxes and Duties charged by Customs or Home Country are the responsibility of the Customer on receipt. Reimbursement of Return Shipping Fees, for Undeliverable Packages, are the Customer's Responsibility. We will be using DHL for Recommended / Optional 1 to 2 Day Spawn Orders, UPS and USPS for Standard/Regular Shipping, 3-5 Day Ground, Express 2-3 Day and Rush Orders. We recommend 1 to 2 Day Spawn Delivery. Possible Delays by Standard / Regular Carrier may Damage Spawn. Standard / Regular Carriers are reliable but Delays of Deliveries are possible and Beyond our Control or Liability. Damage to Live Spawn / Tissue Cultures Caused by Delays from Choice of Standard / Regular Carrier, by Client, are Client's Liability. Some Laboratory Equipment & Supplies Shipped Freight-COD Because of Size and Weight

General Policies & Guidelines

All guidelines and terms contained on this page and throughout the Pet Fungus Website apply to all purchases and orders. Purchases and Orders, acknowledge and constitute acceptance and agreement to comply with all terms, guidelines and Policies contained therein. A General Environmental Growth Evaluation is Included with Each Chamber or Spore Order. Assuring You of the Finest & Highest Quality Products, Services and Fullest Satisfaction Possible Each Spore Sample Contains 100's of Thousands of Inspected & Tested Viable Spores Each Chamber Contains Specially Formulated Additives. Specimens & Spores are Collected Under Non-Sterile Field and Semi-Sterile Lab Conditions and Cannot Be Guaranteed Free of Contaminates. Isolation is Recommended. All Growth Chambers have been sterilized and can be easily re-sterilized if contaminated. Some species will fruit in chambers while others may not, contents can be used as spawn. Spores are Microscopic. Only several are needed to grow. We suggest you use them Sparingly and Carefully regardless of the 10's to 100's of thousands provided with each order. All species should be identified before harvesting as they may not be the ones you planted. Growing/Landscaping with Wild Mushrooms is in it's Infancy. Success is Unpredictable & Contemporary Because of Numerous Variables: We Simply Can't Guarantee Your Success. It's Up to You. Good Luck! 30 Day Money Back Guarantee If Returned Unused. Customers further agree that all purchases will be used in a lawful manner, as intended, and nothing will be used unlawfully or as paraphernalia. None Are Intended or Recommended by MTI, for Consumption. Keep all Items Away From Children. Most Species are Seasonal and Some Supplies are Very Rare and Limited or Require Special Handling. All Chambers are Sealed Around Lids to Limit Contamination then Bagged & Hermetically Sealed. All Spore Specimens Are Hermetically Sealed For Safety and to Prevent Contamination

IDENTIFICATION ADVISORY
 Every effort has been made and step taken to carefully and responsibly identify each Mushroom, Plant or Tree Genus & species as well as to propose relevant growing environmental data for your safety and potential successful cultivation of the specific fungi you purchase from us. While there remains an extremely rare possibility of an incorrect identification, it is Highly Unlikely!! All specimens are with-hold pending several confirmation identifications of every Genus / species. Our sources include: an extensive library selection, OSU Mycology Experts, OSU Extension Services, numerous Instructors and Mycology Professors & Amateurs as well as Mycological Society Experts, including US Forestry & Bureau of Land Management Specialists, but most importantly 30 years of hands on experience & study as well as 12 years in the Landscape Industry. When we aren't sure, we ask those who are.
